COURSES IN PLASTIC SURGERY

COURSE SERIES BACKGROUND

This is the fifth course in series four of our popular Advanced Educational Courses in Plastic Surgery.

These courses are aimed at specialist trainees and established surgeons in Plastic Surgery and allied disciplines, both from the UK and the wider international community.

Each course is delivered by leading international experts who will showcase the very latest surgical skills and techniques.

OUR AUDIENCE

The previous Breast course in series 3 held in 2016, attracted over 146 delegates, predominantly from the UK, with a small representation from Europe and further afield. The majority of delegates were specialist trainees, followed by consultant plastic surgeons and a final small number of researchers, scientists and allied health professionals.

COURSE CONTENT

Details of speakers already confirmed on this course, plus the provisional programme, which is available online

VENUE

The course takes place at the Manchester Conference Centre, with exhibition space in the Pioneer Room (also used for delegate catering).

Multiple bookings

We would be pleased to welcome you to exhibit at more than one of courses in the series and will be pleased to discuss 'frequent flyer' discounts. A full list is available here:

http://www.bapras.org.uk/teaching_and_learning/advanced_educational_courses

For further information on booking multiple meetings, please contact secretariat@bapras.org.uk

EXHIBITION SPACE BOOKING - BAPRAS MEETINGS AND EVENTS

Further Information

Cancellation Policy

If an exhibition space has to be cancelled, the following conditions will apply:

- More than 6 months prior to the conference: a cancellation fee of 20% of the exhibition fee will be payable
- 1-6 months prior to the conference: A cancellation fee of 50% of the exhibition fee will be payable
- Less than a month prior to the conference: A cancellation fee of 100% of the exhibition fee will be payable

Exhibition Space

The exhibition space has been carefully planned to allow the maximum number of companies to exhibit. It is imperative therefore that your stand does not exceed the size allocated to you. If your company arrives at the meeting with a larger stand, you will be asked to dismantle any part of the stand, which encroaches to the detriment of a neighbouring site. No electrical extension leads are available at the venue and all companies must provide their own

Spaces between the exhibition stands must be kept free. No fittings, fixtures or signs of any nature are to be attached to the walls or fabric of the building and all stands must be free standing. Firms displaying heavy pieces of equipment must take adequate measures to protect floors from the damage.

Set Up

Information on set up and breakdown will be supplied approximately one month before the conference. Exhibitors must be set up by the start of the first refreshment break. Access for setup after this time is solely at the discretion of the organisers.

Loss or Damage

Neither the venue nor BAPRAS can be held responsible for loss or damage to the exhibitors' stands or property. Obtaining the relevant insurance is the sole responsibility of each exhibitor. The organisers reserve the right to alter the exhibition layout without prior notice. Applications received for space, and then confirmed, imply complete acceptance of the above conditions. If any matters or disputes arise, the decision of the Honorary Secretary is final.
