WELCOME

The British Association of Plastic, Reconstructive and Aesthetic Surgeons is delighted to invite you to participate in our annual Winter Scientific Meeting, taking place from 4 - 6 December 2019 at the Le Meridien Hotel in Monaco.

As the voice of plastic surgery in the UK, BAPRAS aims to raise awareness of the breadth of plastic surgery, to promote innovation in teaching, learning and research and to increase overall understanding of the profession.

OUR AUDIENCE

The BAPRAS Winter Scientific Meeting, one of two scientific meetings we run annually, and regularly attracts in excess of four hundred delegates.

Delegates are mainly based in the UK, although we attract a small number from Europe and further afield. It is anticipated that a larger than usual number of European delegates will be in attendance.

The meeting is aimed at consultants, trainees, nurses and clinicians working in the field of plastic surgery although a small proportion of the audience are from allied specialties, such as ENT, general surgery and orthopaedics.
