# Winter Scientific Meeting

**23 - 25 November 2016**  
**Victoria Park Plaza - London**

# PRESIDENT'S WELCOME

Dear Friends,

I find it hard to believe that the Winter Meeting 2016 marks the end of my two years as BAPRAS President. It has flown by.

We have a great programme for you and I also have the enormous privilege that we have a Hunterian Lecture from Australia and an Australian, in the shape of Brian Sommerlad, delivering the McIndoe Lecture on his work and the enormous impact he has had on the treatment of cleft lip and palate both in this country and internationally. I am also delighted that the Royal College of Surgeons of England is conferring an Honorary Fellowship on Dr Foad Nahai, who trained in Medicine in Bristol, as did I, and then moved to the USA because he felt the career path was more open there in the 1970s. A tragedy for UK Plastic Surgery.

Our inability, as a specialty, to look beyond individual self-interest blighted us badly in the 70s and 80s. I hope I have helped make us more outward-looking during my two years and that those who viewed me at the 'Fifth Column' now have a different view of my passion for our specialty and our Association. Members - Please attend the AGM. The changes coming in the redevelopment of Royal College of Surgeons of England make our choices in the next few months crucial and your Council need you to decide on our course. It could produce the biggest change in our Association since 1946...and I am not underestimating the situation.

**Nigel Mercer**  
**President, BAPRAS**

# COUNCIL

## BAPRAS

### Officers

|                   |                    |
|-------------------|--------------------|
| Mr N S G Mercer   | President          |
| Mr D J Ward       | Deputy President   |
| Wg Cdr A N Pandya | Honorary Secretary |
| Mr N K James      | Honorary Treasurer |

### Council Members

Mr O A Ahmed- Council Member for the North East  
Mr D E Boyce- Council Member for Wales  
Mr T S Burge- Council Member for the South West  
Miss A L Dancey- Council Member for the West Midlands  
Mr R M Haywood- Council Member for the East of England  
Mr C Hill- Council Member for Northern Ireland  
Miss B Jemec- Council Member for London  
Mr A R Khandwala- Council Member for the South East Coast  
Mr A Kotwal- Council Member for Yorkshire and Humberside  
Mr P McArthur- Non-regional Council Member  
Mr D J McGill- Council Member for Scotland  
Mr M C Swan- Council Member for South Central  
Mr A Misra- Non-regional Council Member  
Dr M Shah- Council Member for the North West  
Mr N Yii- Council Member for the East Midlands

# PROGRAMME

## WEDNESDAY 23 NOVEMBER

Lectures take place in the Edward and Victoria Suites.

Refreshments, posters and exhibitors can be found in the Beatrice Suite

### **09:00 Registration, refreshments and exhibition**

Location: **Beatrice Suite**

### **09:55 President's Welcome**

Location: **Victoria Suite**

## **Overseas Education / Skin**

Location: **Victoria Suite**

Chairs: **Mr W L Lam & Mr M Moncrieff**

### **10:00 Free Paper - Regulation of vitamin D bioavailability in human skin by fibroblasts and keratinocytes during wound healing**

Mr J Q Tay (Presenter), Dr O Kamala, Dr A M Graham, Dr M J Thornton, Mr A L Mahajan, (Senior), Bradford

### **10:10 Free Paper - Systematic pathological component scores for skin-containing vascularized composite allografts**

Dr D Leonard (Presenter) (Senior), Glasgow

### **10:20 Free Paper - An investigation into the efficacy of a single low dose of insulin in the prevention of excessive cutaneous scarring in patients undergoing aesthetic breast surgeries**

Mr M J Hallam<sup>1</sup> (Presenter), Miss A Thomas<sup>2</sup>, Miss E Pitt<sup>3</sup>, Mr C Nduka<sup>2</sup> (Senior), <sup>1</sup>Aberdeen, <sup>2</sup>East Grinstead, <sup>3</sup>Buckinghamshire

### **10:30 Free Paper - Application of a 2-Layer VAC assisted wound closure following inguinal lymph node dissection**

Miss E Gathura (Presenter), Miss R Sharma, Mr M Heaton, Mr M Moncrieff (Senior), Norwich

- 10:40 Free Paper - The 2015 NICE melanoma guidelines and the sentinel node paradox: evidence-based or arbitrary?**  
Mr D Morgan Jones (Presenter), Mr M Heaton, Mr M Moncrieff (Senior), Norwich
- 10:50 Free Paper - Unifying management of paediatric spitz tumours: development of management guidelines**  
Miss C Defty, (Presenter) Miss S Beattie, Miss J Fielding, Dr J McPartland, Dr A Bakshi, Ms S Falder (Senior), Liverpool
- 11:00 Free Paper - Oligometastatic disease in AJCC stage IV melanoma: incidence and outcomes of primary surgical resection**  
Miss M C I Lo (Presenter), Miss J Maraka, Miss S White, Miss L Wingfield, Miss K Almand-Chinn, Mr M Moncrieff (Senior), Norwich
- 11:10 Free Paper - Patients with a failed sentinel node biopsy- what next?**  
Miss C Rivers (Presenter), Mr S Iyer (Senior), Preston
- 11:20 Free Paper - Prognostic Significance of Microsatellites and Sentinel Node Status for Melanoma Patients**  
Dr S Ramadan<sup>1</sup> (Presenter); Dr M Mikhail<sup>2</sup>, Mr M Rughani<sup>2</sup>, Mr O Cassell<sup>2</sup>, Mr M Moncrieff<sup>1</sup> (Senior), <sup>1</sup>Norwich, <sup>2</sup>Oxford
- 11:30 Free Paper - Nigerian burn course: a model of international surgery collaboration to strengthen the capacity and effectiveness of burn care**  
Dr A Ibrahim<sup>1</sup>(Presenter), Dr O Oikeh<sup>2</sup>, Dr O Adebayo<sup>1</sup>, Mr D Barnes<sup>3</sup>, Mr N El-Muttardi<sup>3</sup>, Dr S Smailes<sup>3</sup>, Miss B Jemec<sup>4</sup>(Senior), <sup>1</sup>Zaria Kaduna State, Nigeria, <sup>2</sup>Abuja, Nigeria, <sup>3</sup>Chelmsford, <sup>4</sup>London
- 11:40 Update - BFIRST**  
Mr W L Lam
- 11:50 A training pathway for humanitarian medicine**  
Professor A Redmond
- 12:00 Guest Lecture - Cleft care in a developing country**  
Mr K K Tan

**12:15 Q&A for guest presenters**

**12:30 Lunch, exhibition and poster presentations**

Location: **Beatrice Suite/Foyer**

**The following authors will be presenting posters in the Foyer. For information on presentation titles, please see the poster section of the programme**

|              | <b>Screen 1</b>        | <b>Screen 2</b>          | <b>Screen 3</b>       |
|--------------|------------------------|--------------------------|-----------------------|
| <b>12:30</b> | <b>1 - A Molajo</b>    |                          | <b>11 - S Koonce</b>  |
| <b>12:45</b> | <b>2 - S Hassan</b>    | <b>7 - T Paterson</b>    | <b>12 - R Wain</b>    |
| <b>13:00</b> | <b>3 - C Lutterodt</b> | <b>8 - S Sepheripour</b> | <b>13 - S Yao</b>     |
| <b>13:15</b> | <b>4 - S Sandhu</b>    | <b>9 - L Wright</b>      | <b>14 - N Riddell</b> |
| <b>13:30</b> | <b>5 - E Woods</b>     | <b>10 - J Dunne</b>      |                       |

**13:45 McIndoe Lecture**

**Mr B Sommerlad**

Location: **Victoria Suite**

Chair: **Mr N S G Mercer**

## **Cleft**

Location: **Victoria Suite**

Chairs: **Mr C Hill & Mr K K Tan**

**A parallel session on research is taking place in the Edward Suite. Go to page 10 to view presentations in this session**

**14:25 Free Paper - Reducing the vermilion notch in primary unilateral cleft lip repairs: Z-plasty versus the Noordhoff triangular flap**

Dr S Jan (Presenter), Professor F Khan (Senior), Lahore, Pakistan

**14:35 Free Paper - Single surgeon, 15 years outcomes to complete bilateral cleft lip and palate treated by asynchronous lip and hard palate repair**

Miss F Maggiulli, (Presenter), Mr N Mercer (Senior), Bristol

- 14:45 Free Paper - Investigation of the reliability of assessment of videofluoroscopy for velopharyngeal dysfunction**  
Ms C de Blacam (Presenter), Mr D Orr (Senior), Dublin
- 14:55 Free Paper - A protocol to deep phenotype the unilateral cleft lip deformity**  
Miss A Chadha<sup>1</sup> (Presenter) Professor J Sandy<sup>2</sup>, Professor D Edwards<sup>1</sup>, Dr Y Wang<sup>1</sup>, Professor P Haers<sup>1</sup> (Senior), <sup>1</sup>London, <sup>2</sup>Bristol
- 15:05 Free Paper - Feasibility of da Vinci® robotic cleft palate repair: development of a novel robotic instrument for trans-oral robotic surgery**  
Dr C Forrest, Toronto (Presenter) (Senior), Dr D Podolosky, Mr T Looi, Dr K Wong, Dr D Fisher, Dr J Drake, Toronto, Canada
- 15:15 Free Paper - Sphincter manometry: a novel method of assessing velopharyngeal function**  
Mr R Murphy (Presenter) Mr G Laitung (Senior), Miss L Howell, Preston
- 15:25 Guest Lecture - The cleft surgical journey - a personal approach**  
Mr K K Tan

## **Research - Hosted by the Reconstructive Surgery Trials Network**

Location: [Edward Suite](#)

Chair: [Professor A Jain](#)

**A parallel session on cleft is taking place in the Edward Suite. Go to page 9 to view presentations in this session**

- 14:25 Update - RSTN**  
Professor A Jain
- 14:35 Guest Lecture - Placebo controls in surgery**  
Dr K Wartolowska

- 14:55 Free Paper - Does simple trapeziectomy work for base of thumb osteoarthritis?**  
Mr M Gardiner<sup>1</sup> (Presenter), Dr P Kamalathevan<sup>2</sup>, Mrs C Cooper<sup>1</sup>, Professor D Beard<sup>1</sup>, Professor A Jain<sup>1</sup>, <sup>1</sup>Oxford, <sup>2</sup>London
- 15:05 Update - Results of the Nail bed INJury Analysis pilot randomised controlled trial**  
Ms A Greig (Presenter), London
- 15:15 Free Paper - OptiFLAPP: an undergraduate-led national survey**  
Dr R Kwasnicki, London (Presenter)
- 15:25 Free Paper - Inception of the first national cleft trainee collaborative**  
Miss A Chadha, London (Presenter)
- 15:35 Free Paper - Vascularised Lymph Node Transfer in DIEP patients and effects on reducing lymphoedema. VLNT DIEP- A Multicentre, National Randomized Controlled Trial.**  
Mrs L Patel<sup>1</sup> (Presenter), Ms R Waters<sup>2</sup> (Senior), <sup>1</sup>Stoke-on-Trent, <sup>2</sup>Birmingham
- 15:45 Refreshment break and exhibition**  
Location: [Beatrice Suite](#)
- 16:00 BAPRAS Annual General Meeting**  
Location: [Victoria Suite](#)
- 16:00 Hackathon - Hosted by BAPRAS Innovation SIG**  
Location: [Edward Suite](#)

## THURSDAY 24 NOVEMBER

### **07:30 Registration, President's breakfast and exhibition**

Location: **Beatrice Suite**

**All delegates are invited to join us in the Beatrice Suite for breakfast with the BAPRAS Officers**

### **Innovation - Hosted by BAPRAS Innovation SIG**

Location: **Victoria Suite**

Chairs: **Mr R Kerstein & Mr B Dheansa**

**A parallel session on craniofacial is taking place in the Edward Suite. Go to page 13 to view presentations in this session**

### **08:30 Free Paper - Proximie: transforming through augmented reality**

Ms N Hachach-Haram (Presenter), Mr A Mosahebi (Senior), London

### **08:35 Free Paper - Oxford Plastics smartphone app: an innovative approach to junior doctor induction**

Ms R Morhij (Presenter), Mr A Ramsden (Senior), Oxford

### **08:40 Guest Lecture - Building a computational modelling system for surgical process**

Mr J Neheme

### **09:05 Guest Lecture - Open Your Mind to Others**

Professor M Elliot

### **09:30 Free Paper - OPBOOK: connecting trainees and consultants to improve aesthetic training**

Mr A Shiatis (Presenter), Miss H Lloyd-Hughes, Mr A Ponniah, Mr A Mosahebi (Senior), London

### **09:35 Free Paper - The 'cord and tape' tendon model for tendon repair - an innovative, versatile and inexpensive simulation model**

Mr S Majumder<sup>1</sup>, Wakefield (Presenter) (Senior), Mr S Duffy<sup>2</sup>, <sup>1</sup>Wakefield, <sup>2</sup>Bristol

**09:40 Guest Lecture - How to develop innovations within the NHS and get them to market**

Dr R Deed

**10:05 Guest Lecturer Round Table**

## Craniofacial

Location: **Edward Suite**

Chairs: **Mr D Dunaway & Mr D Johnson**

**A parallel session on innovation is taking place in the Victoria Suite. Go to page 12 to view presentations in this session**

**08:30 Free Paper - A morphable model of the human head as an outcome tool for craniosynostosis surgery**

Mr C Duncan<sup>1</sup> (Presenter) (Senior), Mr H Dai<sup>2</sup>, Dr N Pears<sup>2</sup>, <sup>1</sup>Liverpool, <sup>2</sup>York

**08:40 Free Paper - The surgical management of trigonoscaphocephaly as a result of combined metopic and sagittal synostosis**

Mr T Dobbs<sup>1</sup> (Presenter), Mr O Salahuddin<sup>2</sup>, Mr J R JayaMohan<sup>2</sup>, Mr P Richards<sup>2</sup>, Mr S Magdum<sup>2</sup>, Mr S Wall<sup>2</sup>, Mr D Johnson<sup>2</sup> (Senior), <sup>1</sup>Swansea, <sup>2</sup>Oxford

**08:50 Free Paper - Transfusion trends in fronto-orbital advancement: an analysis of 700 cases in the national craniofacial service**

Mr C Duncan<sup>1</sup>(Presenter), Miss M Stanley<sup>1</sup>, Dr E Carver<sup>2</sup>, Dr C Miller<sup>2</sup>, Dr R Evans<sup>3</sup>, Ms A White<sup>1</sup>, <sup>1</sup>Liverpool, <sup>2</sup>Birmingham, <sup>3</sup>Oxford

**09:00 Free Paper - Osseointegrated implants for auricular reconstruction: is simultaneous tumour resection and implant placement reliable?**

Mr J C E Pollock (Presenter), Dr N Knapp, Dr J Chaggar, Mr N White, Mr S Parma, Mr J Baden, Mr D Evriadiades (Senior), Birmingham

**09:10 Free Paper - A new and safe approach to correct the prominent ear deformity: the distally based perichondrio-adipo-dermal flap technique with or without conchal cartilage excision**

Dr E Cihandide (Presenter) (Senior), Dr O Kayiran, Istanbul, Turkey

- 09:20 Free Paper - Three-dimensional printing supports chondrogenesis of human adipose stem cells on nanocomposite scaffolds**  
Miss M Griffin(Presenter), Mr N Prinsloo, Professor A Seifalian, Professor P Butler (Senior), London
- 09:30 Free Paper - The management of fibro-adipose vascular anomalies at a tertiary referral centre: the Great Ormond Street Experience**  
Mr D Nikkhah (Presenter) Miss R Ashton, Mr G Murphy, Miss C Mahon, Mrs A Barnacle, Mr J Moledina, Miss M Miranda, Miss G Smith, Mr B Sivakumar (Senior), London
- 09:40 Free Paper - Three thousand non-surgical sclerotherapy treatments of vascular anomalies with intralesional Bleomycin injection**  
Mr T Muir (Presenter) (Senior), Mr A Al-Mousawi, Mr D Katechia, Dr G Kessell, Dr R Jayaraj, Dr S Fitzgerald, Middlesbrough
- 09:50 Guest Lecture - History of craniofacial surgery in Paris**  
Dr E Arnaud
- 10:10 Refreshment break and exhibition**  
Location: [Beatrice Suite](#)
- 10:20 Hunterian Lecture**  
Location: [Victoria Suite](#)
- The evolution of acute burn management - retiring the split skin graft**  
Associate Professor J Greenwood  
Chair: [Mr T E E Goodacre](#)

## Education

Location: [Victoria Suite](#)

Chair: [Mr D J Ward](#)

- 11:15 Update - Scar Free Foundation**  
Mr B Eley

- 11:25 Update - Royal College of Surgeons Aesthetic Project**  
Mr S Cannon
- 11:35 Free Paper - Effects of amniotic membrane seeded by foetal fibroblast and adipose-derived stem cell on regeneration of full thickness extensive burn wounds in rats**  
Dr A Bajouri (Presenter), Professor S Motamed (Senior), Dr H Molaei, Mr E Taghiabadi, Dr S Shafiiyan, Dr N Sodeifi, Dr N Aghdami, Miss T Bolourieh, Tehran, Iran
- 11:45 Free Paper - McIndoe's Guinea Pig Club: the prototype patient support group**  
Mr T Pezas (Presenter) (Senior), London
- 11:55 Free Paper - How plastic surgery departmental income is affected by surgical notes and the variability of clinical coding**  
Miss A F L Edwin (Presenter) (Senior), Durham
- 12:05 Free Paper - The consultant learning curve: analysis of the first 100 consecutive one stage hypospadias repairs performed by a single surgeon in a regional centre**  
Ms D Carlos (Presenter), Ms J Hughes, Mr N Wilson Jones (Senior), Swansea
- 12:15 Presentation of Honorary Fellowship of Royal College of Surgeons of England**
- 12:35 Guest Lecture - 40 years of plastic surgery education: what have I learned?**  
Dr F Nahai

**13:00 Lunch, exhibition and poster presentations**Location: **Beatrice Suite/Foyer**

The following authors will be presenting posters in the Foyer. For information on presentation titles, please see the poster section of the programme

**Aesthetics**Location: **Victoria Suite**Chairs: **Mr N S G Mercer & Mr S J Withey****14:15 Update - Workforce planning**

Mr R Haywood

**14:25 Update - SNOMED**

Mr N K James

**KSAPS Rhinoplasty Masterclass**

We are pleased to welcome colleagues from the Korean Society of Aesthetic Plastic Surgeons for this session on rhinoplasty

**14:35 Septorhinoplasty for the East Asian nose**

Professor E Dhong

**15:05 Current techniques of nasal dorsal augmentation and short nose correction in Korea**

Dr S Man Koon

- 15:35 Free Paper - Perfecting aesthetic results in abdominoplasty: the champagne groove technique**  
Dr E Keramidas (Presenter) (Senior), Athens, Greece
- 15:45 Free Paper - Influence of an octenidine-based wound gel on postoperative wound healing and scarring after abdominoplasty**  
Dr J Matiasek (Presenter), Vienna, Austria
- 15:55 Free Paper - Comparing plastic surgery national litigation causes, rates and costs with other allied surgical specialties**  
Mr A Trevatt, (Presenter), Mr D Thomson, Mr M Soldin (Senior), London
- 16:05 Free Paper - Does breast size predict back pain?**  
Mr A J Bowey (Presenter) (Senior), Mr P Sanderson, Miss D Lees,  
Dr I Serrano-Pedraza, Newcastle upon Tyne
- 16:15 Refreshment break and exhibition**  
Location: [Beatrice Suite](#)

## President's Prize

Location: [Victoria Suite](#)

Chair: [Mr N S G Mercer](#)

- 16:35 Free Paper - Leukocyte depletion of the donor limb using ex-vivo normothermic perfusion**  
Mr K Amin (Presenter), Mr W Critchley, Dr A Ball, Miss T Major, Mr J Stone,  
Miss R Edge, Miss C Chhina, Mr J Wong, Dr J Fildes (Senior), Manchester
- 16:45 Free Paper - Novel biomarker in venous disease: the role of Connexin 43 to predict poor wound healing**  
Mr M Kanapathy<sup>1</sup> (Presenter), Professor D Becker<sup>2</sup>, Professor T Richards<sup>1</sup>,  
Mr A Mosahebi<sup>1</sup>, (Senior), <sup>1</sup>London, <sup>2</sup>Singapore
- 16:55 Free Paper - Smart polymers: a new toolbox for reconstruction?**  
Miss R Harrison<sup>1</sup> (Presenter), Dr I Dunlop<sup>2</sup>, Professor M Stevens<sup>2</sup>,  
Mr S Hettiaratchy<sup>2</sup> (Senior), <sup>1</sup>Wakefield, <sup>2</sup>London

**17:05 Free Paper - Development of the first biometric and macrophage validated human adipose tissue derived breast implant surface**

Dr S Barr (Presenter), Dr E Hill, Dr A Bayat (Senior), Manchester

**17:15 Free Paper - Formation of an in-vitro skin equivalent using porcine keratinocytes and fibroblasts applied to DermACELL decellularised dermis**

Mr S Ray<sup>1</sup> (Presenter), Dr A Lansley<sup>2</sup>, Professor A Metcalfe<sup>1</sup>, Mr B Dheansa<sup>1</sup> (Senior), <sup>1</sup>East Grinstead, <sup>2</sup>Brighton

**17:25 Free Paper - IL-33 is a novel therapeutic target in Dupuytren's disease**

Mr D Izadi<sup>1</sup> (Presenter), Dr L Williams<sup>2</sup>, Dr F McCann<sup>2</sup>, Miss M Cabrita<sup>2</sup>, Dr A Espirito-Santo<sup>2</sup>, Professor M Feldmann<sup>2</sup>, Professor K Midwood<sup>2</sup>, Professor J Nanchahal<sup>2</sup> (Senior), <sup>1</sup>Exeter, <sup>2</sup>Oxford

**17:35 Close**

## FRIDAY 25 NOVEMBER

### 08:00 Registration, refreshments and exhibition

Location: **Beatrice Suite**

### Limbs, Trunk and Trauma

Location: **Victoria Suite**

Chair: **Mr S Hettiaratchy**

**A parallel session on head and neck is taking place in the Edward Suite, commencing at 09:20. Go to page 20 to view presentations in this session**

#### 08:30 Free Paper - A comparison of the healthcare costs and quality of life of limb salvage versus amputation in open tibial fractures: a systematic review and meta-analysis

Mr B Moxley-Wyles<sup>1</sup> (Presenter), Miss N Wielogorska<sup>2</sup>, Miss L Harry<sup>2</sup> (Senior),<sup>1</sup>Brighton, <sup>2</sup>East Grinstead

#### 08:40 Free Paper - A case-controlled study of recurrent giant cell tumour cases

Mr L Linney<sup>1</sup> (Presenter), Miss J Pikturnaite<sup>1</sup>, Mr F Al-Hassani<sup>2</sup>, Dr C Jennings<sup>1</sup>, Dr B Mathew<sup>1</sup>, Mr A Platt<sup>1</sup>, Mr D Thornton<sup>2</sup>, Mr R Pinder<sup>1</sup> (Senior),<sup>1</sup>Hull, <sup>2</sup>Leeds

#### 08:50 Free Paper - Botulinum toxin A in the treatment of Raynauds phenomenon secondary to scleroderma using a safer dorsal hand approach

Dr K Dhaliwal (Presenter), Miss M Griffin, Dr S Salinas, Dr K Howell, Professor C Denton, Professor P Butler (Senior), London

#### 09:00 Free Paper - Immediate hand transplantation following elective upper limb amputation: outcome at 3 years

Mr D Wilks (Presenter), Mrs S Taplin, Dr M Bellew, Professor S Kay (Senior), Leeds

#### 09:10 Free Paper - An outcome study comparing "Te" technique to stacks procedure in correcting extensor lag of vascularized toe PIP joint transfers

Mr C Y Y Loh (Presenter), Professor Y T Lin (Senior), Taiwan

- 09:20 Free Paper - A current reconstructive algorithm in truncal reconstruction: the expanding role of free-styled perforator flaps and supermicrosurgery**  
Mr R Y Kannan, (Presenter) (Senior), Mr M Gorman, Mr F Al-Aswad, East Grinstead
- 09:30 Free Paper - Sarcomas of the chest wall and Plastic Surgeons. The Newcastle experience**  
Dr C Bayliss (Presenter), Mr T Crowley, Mr S Barnard, Mr R Milner, Mr M Ragbir, Newcastle upon Tyne
- 09:40 Free Paper - Total functional abdominal wall reconstruction with innervated chimeric rectus femoris and anterolateral thigh free flap**  
Mr N Patel<sup>1</sup> (Presenter), Dr T Hayakawa<sup>2</sup>, Dr E Buchel<sup>2</sup> (Senior), <sup>1</sup>Leicester, <sup>2</sup>Winnipeg, USA
- 09:50 Guest Lecture - The evolution of orthoplastics**  
Professor L S Levin
- 10:05 Guest Lecture - Trauma lessons learned: military theatre to civilian battleground**  
Mr N Tai
- 10:25 Announcement of winner of the President's Prize 2016**

## Head and Neck

Location: **Edward Suite**

Chairs: **Mr O Ahmed & Mr S Morley**

**A parallel session on limbs, trunk and trauma is taking place in the Victoria Suite. Go to page 19 to view presentations in this session**

- 09:20 Guest Lecture - How to be a head and neck surgeon: NTN to MDT**  
Mr O Ahmed
- 09:40 Free Paper - Ameloblastoma: our experience over forty years**  
Dr S S Sandhu (Presenter), Miss J Tang Yao-Mei, Dr K Hunter, Mr A McKechnie, Mr A Smith, Mr A Yousefpour (Senior), Sheffield

- 09:50 Free Paper - The eyelid reconstruction after basal cell carcinoma removal**  
Dr M Gushchina (Presenter) (Senior), Moscow, Russia
- 10:00 Free paper - The Synthes ProPlan CMF Software for mandibular and maxillary reconstruction using a free osseocutaneous fibula flap: our experience of 45 cases**  
Mr J Wokes (Presenter), Mr M Kennedy, Mr J Adams, Mr M Ragbir, Mr O Ahmed (Senior), Newcastle upon Tyne
- 10:10 Free Paper - Reconstructing complex lateral temporal bone defects: the Birmingham approach**  
Mr J C E Pollock (Presenter), Dr A Opeodu, Mr R Irving, Mr P Monksfield, Mr D Evriviades, Mr J Baden (Senior), Birmingham
- 10:25 Announcement of winner of the President's Prize 2016**  
Location: [Victoria Suite](#)
- 11:30 Refreshment break and exhibition**  
Location: [Beatrice Suite](#)

### **Microsurgery - Sponsored by Mercian S&T**

Location: [Victoria Suite](#)

Chairs: [Mr H Giele](#) & [Mr V Ramakrishnan](#)

- 11:00 Free Paper - Free tissue transfer for burns reconstruction**  
Miss R Exton (Presenter), Mr M Khan (Senior), Salisbury
- 11:10 Free Paper - Multifaceted supersized free flaps in reconstruction of the skull base**  
Prof Dr P Vogt<sup>1</sup> (Presenter), Professor C Radtke<sup>1</sup>, Dr F Paprottka<sup>2</sup>, Dr R Ipaktchi<sup>1</sup> (Senior), <sup>1</sup>Hannover, Germany, <sup>2</sup>Rotenburg-Wuemme, Germany
- 11:20 Free Paper - Cephalic vein transposition in autologous breast reconstruction salvage: a review of outcomes and implications for patient care**  
Mr I King, (Presenter) Mr A Mellington, Mr M Jones, Miss A Hazari, (Senior), East Grinstead

- 11:30 Free Paper - Can DIEP breast reconstruction be safely offered to obese patients? A single-surgeon series**  
Miss R Taghizadeh (Presenter) (Senior), Mr S Bennet, Mr K Graham, Dr A Wong, Liverpool
- 11:40 Free Paper - Facial reanimation in complex cases: the power of microsurgery**  
Mr S E Morley, Glasgow (Presenter) (Senior)
- 11:50 Free Paper - Free tissue transfer for sarcoma reconstruction: a ten-year single centre experience**  
Miss J Callear (Presenter), Mr B Strong, Miss A Sutcliffe, Mr M Ragbir (Senior), Newcastle upon Tyne
- 12:00 Free Paper - Head and neck recipient veins: does it matter?**  
Miss J Callear<sup>1</sup> (Presenter), Mr W Bhat<sup>1</sup>, Mr M Ragbir<sup>1</sup>, Mr O Ahmed<sup>1</sup>, Mr M Wagels<sup>2</sup>, Mr D Saleh (Senior),<sup>1</sup>Newcastle upon Tyne, <sup>2</sup>Brisbane, Australia
- 12:10 Guest Lecture - The UK Hand Transplant Programme**  
Professor S P J Kay
- 12:30 Mercian S&T Lecture - Orthoplastic extremity reconstruction - Replantation to transplantation and the legacy of Gillies**  
Professor L S Levin

**13:00 Lunch, exhibition and poster presentations**

Location: [Beatrice Suite/Foyer](#)

The following authors will be presenting posters in the Foyer. For information on presentation titles, please see the poster section of the programme

|              | <b>Screen 1</b>      | <b>Screen 2</b>        | <b>Screen 3</b>       |

## Breast

Location: **Victoria Suite**

Chairs: **Professor P Blondeel & Mr N S G Mercer**

- 14:15 Update - Breast Implant Registry**  
Miss F MacNeill
- 14:25 Guest Lecture - Breast reconstruction**  
Professor P Blondeel
- 14:55 Free Paper - Outcomes of the Enhanced Recovery after Surgery pathway in microsurgical breast reconstruction**  
Miss K A M Sindali (Presenter), Miss V Harries, Miss A Borges, Mr M Jones (Senior), East Grinstead
- 15:05 Free paper - The lumbar artery perforator flap conundrum: managing a short pedicle**  
Mr N Patel<sup>1</sup>(Presenter), Miss B Craggs<sup>2</sup>, Mr R Sharma<sup>3</sup>, Professor M Hamdi<sup>2</sup>, Mr V Ramakrishnan<sup>3</sup> (Senior), <sup>1</sup>Leicester, <sup>2</sup>Brussels, Belgium, <sup>3</sup>Chelmsford
- 15:15 Free paper - Flap Viability Index: ensuring flap survival in perforator flap based breast reconstruction**  
Dr D Liang<sup>1</sup>(Presenter); Dr J Dusseldorp<sup>2</sup>, Dr D Pennington<sup>2</sup> (Senior), <sup>1</sup>Concord, Australia, <sup>2</sup>North Ryde, Australia
- 15:25 Free Paper - The perforator DCIA flap for breast reconstruction**  
Mr N Patel<sup>1</sup> (Presenter), Dr T Hayakawa<sup>2</sup>, Dr E Buchel<sup>2</sup> (Senior), <sup>1</sup>Leicester, <sup>2</sup>Winnipeg, USA
- 15:35 Free Paper - Feasibility study of preoperative radiotherapy in mastectomy and autologous free-flap breast reconstruction**  
Mr S Wood<sup>1</sup> (Presenter), Mr P Thiruchelvam<sup>2</sup>, Dr S Cleator<sup>1</sup>, Mr N Jallali<sup>1</sup>, Mr D Leff<sup>1</sup>, Mr S James<sup>1</sup>, Miss F MacNeill<sup>1</sup>, Miss D Hadjiminis<sup>1</sup> (Senior), <sup>1</sup>London, <sup>2</sup>Nottingham
- 15:45 Meeting Close**

POSTERS

## BAPRAS

British Association of Plastic  
Reconstructive and Aesthetic Surgeons

## POSTERS

Presenter surname alphabetical order

| <i>Name</i>          | <i>Number</i> | <i>Abstract Title</i>   |
|----------------------|---------------|---|
| Dr Bismark Adjei     | 34            | Improving the provision of orthoplastic lower limb reconstruction in a multi-site major trauma system: lessons on implementing change following four years of audit             |
| Mr Ammar Allouni     | 41            | Does slow-release tourniquet cause less pins and needles when compared to the commonly used fast-release type in upper limb surgery?  |
| Mr Ahmed Al-Mousawi  | 27            | Patient satisfaction survey of a regional paediatric hypospadias service  |
| Mr Zeeshaan Arshad   | 36            | The use of venous coupler devices in breast free flap surgery: a systematic review with meta-analysis component   |
| Miss Wen Ling Choong | 15            | Non-invasive aesthetic treatments are they safe in unregulated environments? A case report of frostbite following cryolipolysis treatment in a beauty salon                     |
| Dr Kiran Dhaliwal    | 23            | Hand trauma clinic audit: are services being utilised effectively?  |
| Mr Jonathan Dunne    | 10            | External ear melanoma: a ten year assessment of adverse features and outcomes   |
| Dr Edmund Farrar     | 39            | Extension deficit after flexor tendon repair: a correlation study and an audit of outcome   |
| Mr Samuel George     | 29            | Outcomes and demographics in reduction mammoplasty: a single centre, two year experience with comparison to BAPRAS guidelines for the commissioning of plastic surgery services |
| Dr Andrew Hadj       | 17            | Total sacral reconstruction with hinged free fibula flap  |
| Dr Andrew Hadj       | 33            | The medial femoral condylar free flap: a novel utility in head and neck reconstruction  |
| Miss Sameena Hassan  | 2             | Complications from electronic cigarettes: experience of a burns centre  |

# POSTERS

## Numerical order

- 1. E-cigarette associated burns: a case series of patients treated at a regional burns unit**  
Mr A Molajo (Presenter), Dr B Adjei, Mr Z Sheikh (Senior) (Manchester)
- 2. Complications from electronic cigarettes: experience of a burns centre**  
Miss S Hassan (Presenter), Mr M Anwar, Ms P Muthayya, Ms S Jivan (Senior) (Wakefield)
- 3. Eight month analysis of the efficiency of a burns theatre: recommendations for improvement**  
Mr C Lutterodt (Presenter), Mr A Mohan, Mr J Leon-Villapalos (Senior) (London)
- 4. To swab or not to swab: predictive value of preliminary microbiological swabs in paediatric burns**  
Dr S Singh Sandhu (Presenter), Mrs L Nicholls, Miss S Rahma, Miss J Tang Yao-Mei (Senior) (Sheffield)
- 5. Burns in over-eighty-year-olds: ten years of data from Western Australia**  
Dr E Woods (Presenter), Mr J Dunne, Mr J Rawlins (Senior) (Perth, Australia)
- 7. A case of florid necrobiosis lipoidica in a non-diabetic secondary to red pigment of a tattoo**  
Mr T Paterson (Presenter), Miss S Hili, Mr M Khan (Senior) (Salisbury)
- 8. The use of Laboratory Risk Indicator for Necrotising Fasciitis score in early assessment: a systematic review of the literature**  
Ms S Sephehpour (Presenter), Mr J Bechar, Ms S Odedra, Mr J Hardwicke (Senior), Mr G Filobos (Birmingham)
- 9. Paediatric necrotising fasciitis**  
Miss L Wright (Presenter), Mr J Henton, Miss B Crowley, Mr S Varma (Senior) (Newcastle-upon-Tyne)
- 10. External ear melanoma: a ten year assessment of adverse features and outcomes**  
Mr J Dunne<sup>1</sup> (Presenter), Mr J Frost<sup>2</sup>, Professor B Powell<sup>2</sup> (Senior) (<sup>1</sup>Blantyre, Malawi, <sup>2</sup>London)

**11. Concordance between indocyanine green and 99m technitium in the identification of sentinel lymph nodes in melanoma**

Dr S Koonce (Presenter), Dr M Newman (Senior) (Western, USA)

**12. Basosquamous carcinoma: a single centre clinicopathological evaluation**

Mr R Wain (Presenter), Miss S Abas, Mr S Iyer (Senior) (Preston)

**13. Is there room for improvement in SCC referral via the 2-week rule? A comparison of diagnostic accuracy amongst GPs, Dermatologists and Plastic Surgeons in cutaneous SCC versus BCC?**

Miss S Yao (Presenter), Mr H Tehrani, Mr P McArthur (Senior) (Liverpool)

**14. Does the time from diagnosis to biopsy influence the outcome of sentinel node biopsy in melanoma?**

Dr N Riddell (Presenter), Dr E Balai, Mr M Rughani, Mr D Thompson, Mr O Cassell (Senior) (Oxford)

**15. Non-invasive aesthetic treatments are they safe in unregulated environments? A case report of frostbite following cryolipolysis treatment in a beauty salon**

Miss W L Choong (Presenter), Mrs H Wohlgemut, Mr M Hallam (Senior) (Aberdeen)

**16. Combined surgical and medical treatment of extensive cutaneous metastatic Crohn's disease: case report**

Miss N Kelemen (Presenter), Mr A Morritt (Senior) (Sheffield)

**17. Total sacral reconstruction with hinged free fibula flap**

Dr A Hadj (Presenter), Dr M Wagels (Brisbane, Australia)

**18. Cadaveric assessment of the transverse thoracis muscle and its impact on free tissue transfer in aesthetic and reconstructive breast surgery**

Mr W Nabulyato (Presenter), Dr N Kumar, Mr A Elfaki, Miss M Fawzy, Mr J Perfitt, Mrs M Wright, Dr H Taylor, Dr C Brassel, Mr M Irwin (Senior) (Cambridge)

**19. Aberrant facial flushing following monobloc fronto-facial distraction. A series of cases with an unusual post-operative phenomenon**

Mr M Vourvachis (Presenter), Mr A Cobb, Mr J Ahmed, Miss M Wyatt, Mr D Dunaway (Senior), Professor R Hayward (London)

**20. Use of a modified forehead flap for reconstruction of sinonasal fistulae**

Mr C Lutterodt (Presenter), Miss S Hili, Mr N Kirkpatrick (Senior) (London)

**22. Is chronic scar inflammation after carpal tunnel release a low grade foreign body inflammatory reaction?**

Mr A Salibi<sup>1</sup> (Presenter), Mr J Arenas-Prat<sup>2</sup> (Senior) (<sup>1</sup> Preston, <sup>2</sup>Vilafranca del Penedès, Spain)

**23. Hand trauma clinic audit: are services being utilised effectively?**

# EXHIBITOR INFORMATION

## **Acelity**

Stand 22

Address: KCI Holdings UK Ltd, 11 Nimrod Way, East Dorset Trade Park, Ferndown Industrial Estate, Wimbourne, BH21 7SH

Contact: Claire Collins - 00353 1 4213907 - [claire.collins@acelity.com](mailto:claire.collins@acelity.com)

Website: [www.acelity.com](http://www.acelity.com)

Acelity is a global wound care and regenerative medicine company committed to advancing the science of healing and restoring people's lives. Headquartered in San Antonio, Texas, Acelity delivers value through cutting-edge therapies and innovative products that address unmet clinical needs and lead the industry in quality, safety and customer experience. Our passion for our customers and their patients unites Acelity employees around the world. For more information, please visit [Acelity.com](http://Acelity.com).

## **BFIRST**

Stand 23

Contact: [info@bfirst.org.uk](mailto:info@bfirst.org.uk)

Website: [www.bfirst.org.uk](http://www.bfirst.org.uk)

BFIRST's vision is of a world where surgeons and hospital staff in resource poor countries, have the necessary expertise and have the necessary supplies to be able to perform reconstructive surgery and rehabilitate patients by themselves, without our help, but we have to get the expertise there and make it self-sustaining first!

### **How?**

BFIRST's mission is to train surgeons working in some of the poorest countries in the world by sending BFIRST Consultant Plastic Surgeons and their teams of relevant allied healthcare professionals on regular training trips tailored to the local needs in reconstructive surgery. We aim to make partnerships between units abroad and BFIRST teams, so our training maintains the local relevance and tracks progress.

We have also uniquely built in an assessment of the BFIRST teams by the local surgeons and staff, and we continue to monitor the local surgeons' progress through ISCP based assessment tools.

## Why?

Through reconstructive plastic surgery, we aim to release some of the world's most vulnerable children and adults from a state of poverty caused by a deformity or a disability.

You know we can make a huge difference with reconstructive surgery, help us do it! Donate, sign up or spread the word on twitter, Facebook or pigeon post.

## eLPRAS

Stand 24

Contact: [stephen.gibbons@e-lfh.org.uk](mailto:stephen.gibbons@e-lfh.org.uk) / [elpras.project@gmail.com](mailto:elpras.project@gmail.com)

Website: [www.e-lfh.org.uk/programmes/plastic-reconstructive-and-aesthetic-surgery](http://www.e-lfh.org.uk/programmes/plastic-reconstructive-and-aesthetic-surgery)

e-LPRAS is an e-learning project for Plastic, Reconstructive and Aesthetic Surgery, which is supported by BAPRAS.

If you would like to find out more about the project (e.g. how to access the learning materials or contribute as an author) then please speak to one of the representatives on the e-LPRAS stand.

## Eurosurgical Ltd

Stand 6

Address: Merrow Business Park, Guildford, GU4 7WA

Contact: Peter Cranstone - 01483 456 007- [peterprs@eurosurgical.co.uk](mailto:peterprs@eurosurgical.co.uk)

Website: [www.eurosurgical.co.uk](http://www.eurosurgical.co.uk)

Eurosurgical Ltd was founded 25 year ago as an independent UK surgical distribution company for products and devices for plastic, reconstruction, and aesthetic surgery. We supply the international renown Snowden Pencer surgical instruments, complete liposuction and fat-grafting range of cannula in both single-use and re-useable styles, including Aquavage and Lipivage, single-use fat harvesting systems. New products include TIGR Matrix, the world's 1st long-term resorbable matrix for breast reconstruction and AWR. Pelnac a freeze-dried dermal matrix with a silicone for regeneration of dermis and the Humeca range of dermatomes and meshers

## Hospital Innovations

Stand 15

Address: Concept House, Talbot Green Business Park, Pontyclun, CF27 9FG

Contact: Jodie Cooper – 01443 719 553 - jodiecooper@hospitalinnovations.co.uk

Website: [www.hospitalinnovations.com](http://www.hospitalinnovations.com)

Committed to introducing innovative technologies into the UK, Hospital Innovations has been supplying allograft tissue to hospitals since 2008; working with healthcare professionals to provide surgical solutions focused on maximising patient outcomes.

At BAPRAS we will be showcasing our products for plastic and reconstructive surgery:

- DermACELL® – advanced decellularised human dermis
- Avance® Nerve – the UK's only available processed human nerve allograft for nerve repair and reinnervation

## Ideal Medical Solutions

Stand 14

Address: Unit 7, Epson Downs Metro centre, Waterfield, Tadworth, RH20 5LR

Contact: Melanie Rayner - 0208 773 7844 - melanie.rayner@ideal-ms.com

Website: [www.ideal-ms.com](http://www.ideal-ms.com)

Ideal Medical Solutions has an extensive and comprehensive range of burns, plastics, reconstructive and aesthetic surgery products for the NHS and private sector.

We are the UK's distributor for ReCell® whose unique proprietary technology enables a clinician to rapidly create RES™ (Regenerative Epithelial Suspension) using just a small sample of the patient's skin at their bedside, within minutes.

Please visit our stand to find out further information on ReCell® and the following clinically proven products: Filtron® Fat Transfer; Keller Funnel 2® and our new products the Onetrac® Retractor and Galaflex®.

We are currently offering free product evaluations for the Onetrac® and Galaflex® so please visit the stand to arrange your trial.

## **Integra LifeSciences**

Stand 20

Address: Kingsgate House, Newbury Road, Andover, SP10 4DU

Contact: Nicola Lees – 01264 345 727 – [Nicola.lees@integralife.com](mailto:Nicola.lees@integralife.com)

Website: [www.integralife.com](http://www.integralife.com)

Integra develops, manufactures and distributes implants, instruments and medical devices for neurosurgery, extremity reconstruction, reconstructive plastic surgery and general surgery. Our mission: provide surgeons with solutions that limit uncertainty in surgical procedures so they can operate under the best possible conditions and focus on what is most important: patient care.

## **IRISS Medical Technolgies**

Stand 12

Address: Acre House. 11-15 William Road, London NW11 8TB

Contact: Yuval Yashiv - 07703 165 528 - [yuval.yashiv@irissmedical.com](mailto:yuval.yashiv@irissmedical.com)

Website: [www.irissmedical.com](http://www.irissmedical.com)

## **JPRAS**

Stand 25

Website: [www.elsevier.com](http://www.elsevier.com)

Elsevier is a world-leading provider of information solutions that enhance the performance of science, health, and technology professionals, empowering them to make better decisions, deliver better care, and sometimes make ground-breaking discoveries that advance the boundaries of knowledge and human progress.

Elsevier publishes leading journals in surgery including the official journal of BAPRAS, Journal of Plastic, Reconstructive & Aesthetic Surgery (JPRAS).

## LemonChase

Stand 2

Address: The Brewery, Bells Yew Green, Kent TN3 9BD

Contact: Mark Chase - 01892 308 000 - [info@lemonchase.com](mailto:info@lemonchase.com)

Website: [www.lemonchase.com](http://www.lemonchase.com)

Lemonchase are the exclusive UK distributors of Designs for Vision loupes. Designs for Vision are the number one choice for surgeons worldwide (indeed, they are the choice of over 95% of surgeons in the US and UK).

Whether you are contemplating your first pair or would like advice on any changes to your current pair, Mark Chase & the team would be delighted to see you at their stand where they are also demonstrating Designs for Vision's outstandingly bright range of lithium ion, battery powered LED lights, with up to 12 hours of continual use - and which allow you to move freely around the operating theatre.

Lemonchase are also demonstrating the incredible Designs for Vision NanoCam, which allows you to record the magnified images that you see through your loupes. Excellent for documentation and teaching purposes, and allows you to selectively record HD video, stills and audio via a foot pedal.

Come and see what you're missing!

## The Medical Defence Union

Stand 3

Contact: Membership queries – 0800 716 376 – [membership@themdu.com](mailto:membership@themdu.com)

Medico-legal queries – 0800 716 646 – [advisory@themdu.com](mailto:advisory@themdu.com)

Website: [www.themdu.com](http://www.themdu.com)

The MDU is the UK's leading medical defence organisation. We are a not-for-profit organisation wholly dedicated to our members' interests. We offer members expert guidance, personal support and robust defence in addressing medico-legal issues, complaints and claims. Our team is led and staffed by doctors with experience of the pressures and challenges faced in practice and we have an unparalleled track-record of helping members overcome the challenges which could threaten their livelihood.

We would be delighted to meet you at our stand and answer any questions you have about MDU membership.

## Mediwound Ltd

Stand 4

Address: Eisenstr.5 D-65428, Russelsheim, Germany

Contact: Elaine Thompson or Matthew Kielly - 07412 981 025 -

elaine.thompson@mediwound.com/ matthew.kielly@mediwound.com

Website: [www.nexobrid.com](http://www.nexobrid.com)

### About MediWound Ltd

MediWound is a fully-integrated biopharmaceutical company focused on developing, manufacturing and commercializing novel therapeutics based on its patented proteolytic enzyme (NexoBrid®) technology to address unmet needs in the fields of severe burns.

### About NexoBrid®

NexoBrid is an easy-to-use, topically-applied product that removes eschar, in approximately four hours without harming the surrounding healthy tissue.

NexoBrid is commercially available in Europe. Representing a new paradigm in burn care management.

NexoBrid demonstrated in clinical studies, with statistical significance, its ability to non-surgically and rapidly remove the eschar earlier than other modalities, without harming viable tissue.

## Mentor

Stand 11

Address: Johnson & Johnson Medical Limited, Pinewood Campus, Nine Mile Ride, Wokingham, Berkshire, RG40 3EW

Contact: Tel: +44 (0) 800 973082

Website: [www.mentormedical.co.uk](http://www.mentormedical.co.uk)

# INFORMATION FOR DELEGATES

## **Taping of sessions**

Any videoing, photography and sound recording of the conference sessions is strictly forbidden, without prior written permission from the organising committee.

## **Social Media**

The twitter hashtag for the meeting is [#winterbapras](#)

You are asked to kindly consider the confidentiality of content that you may be posting to social media

## **Certificate of attendance**

Your certificate of attendance, including CPD points will be emailed to you after the conference.

## **Abstracts**

Abstracts of all free papers and posters are available to view online -

Visit <http://bapras.meeting.org.uk/programme>

## **Conference App**

Download the conference app via your device's app store- search for Winter BAPRAS 2016. The app is supported on iOS 7+ and Android 4.1+. The app provides the full programme, abstracts and speaker biographies in an easily accessible format that, once downloaded, can be used without a connection to the internet. You can also use the app to take notes which can be downloaded to another location for use outside of the app.

## **Poster Viewing**

Poster viewing stations are available in the foyer.

## Using the poster stations

If you are on the front page... click a number to start viewing the relevant poster. Details of poster numbers can be found in the conference guide.

Once you have selected a presentation, to move forwards and backwards through the slides, hover the mouse at the bottom left hand corner of the screen - Navigation buttons will appear to allow you to move forwards or backwards through the presentation.

To return to the index page, click the red 'i' button, found in the top right hand corner of every presentation slide.

All posters can be viewed at any of the viewing stations throughout the conference. Presenters have also been allocated a specific presentation slot on one of the stations. See the poster section for more information on this.

## CPD

The following CPD points have been awarded for this meeting:

|                       |                    |
|-----------------------|--------------------|
| Wednesday 23 November | 4.5 points         |
| Thursday 24 November  | 7.5 points         |

| <b>Total</b>          | <b>17.5 points</b> |

## Hackathon

The BAPRAS Innovation Special Interest Group are running a pop-up hackathon on Wednesday from 16:00-19:00 in the Edward Suite.

There will be drinks and nibbles during this sponsored session where you will be given the chance to experience how a Hackathon can improve Plastic Surgery.

Numbers are limited- if you haven't registered to attend this yet, please contact the registration desk

# INFORMATION FOR PRESENTERS

Presenters are reminded to load presentations at least 30 minutes prior to the start of the session that you are speaking in.

The slide loading/speaker ready area is located in foyer near the registration desk. All versions of Microsoft PowerPoint are supported. Presentation on Mac is also available, using PowerPoint or Keynote.

If you have not sent your presentation in advance, you should provide your presentation on a USB storage device.

**Presentations will need to be in a screen ratio of 16/9.**

All versions of Microsoft PowerPoint are supported, up to Windows 7.

We are also able to support presentations on Mac, using Keynote. Online presentations such as those using Prezi are not supported due to the speed of the internet connection, but downloaded Prezi presentations can be used.

**If your presentation contains video files, these should be saved separately in the same folder as the presentation show, as videos are not always embedded within the presentation itself.**

**Presentation from personal laptop/macbook is not permitted**

# FUTURE MEETINGS

## BAPRAS Summer Scientific Meeting 2017

(in collaboration with the Finnish Association of Plastic,  
Reconstructive & Aesthetic Surgeons

Thursday 15 - Saturday 17 June

Helsinki, Finland

## BAPRAS Winter Scientific Meeting 2017

Wednesday 29 November - Friday 1 December

London, UK

# SOCIAL EVENTS

## Thursday 24 November - BFIRST Ball

This year, to celebrate our 70th anniversary, we are organising a masked ball in collaboration with and to raise funds for BFIRST, the British Foundation for International Reconstructive Surgery and Training.

The event, hosted by comedian Jo Caulfield, will be an evening to remember with a three course meal, entertainment, prizes for the best mask, an auction and more!

### **Date**

Thursday 24 November 2016

18:30 - Drinks reception

19:30 - Dinner

00:30 - Carriages

### **Address**

Church House, Deans Yard, Westminster, London SW1P 3NZ

### **Dress Code**

Black tie

### **Tickets**

£150 or £1800 for a table of 12.

A limited number of tickets are still available- contact the registration desk for more information
